REPLY.

(To be written on this margin.)

Office of the Dewan of Mysore.

NOTE.

Dated 4th April .....1923.

The Dewan desires that the papers relating to the concessions formerly allowed to the Members of the Mysore Engineers' Association in the way of Travelling Allowances to Members to attend the annual meetings of the Association and of printing the Association papers free, may be put up for his perusal.

By order,

P. Chentsamma

Private Secretary to the Dewan.

The Chief Secretary to Government with compliments.

Reqn for papers sent to P.W. Secty on 6.4.23.

Reminder sent on 11.4.23.

Files received from P.W. Secty on 12.4.23.

Submitted with references & a separate note.

12.4.23.

The papers are enclosed. It does not appear that travelling allowances were ever given, although the members were entitled to them when they attended meetings of the Association. The question of printing papers free was enjoyed from 1907 to 1914.

ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record]

Mr Fabes' letter of 11th May is submitted for perusal & favour of further observations as to what action (if any) was sanctioned payment of T.A. to officers attending the annual camps of the Engineers Mounted Regimental Band was allowed by S.O. of 9 Feb 1912, prior to the date the Chief Engr was at his discretion sanctioned T.A. for such journeys. It seems inevitable that such a departure from the present rule (it would be impossible to refuse similar requests from other bands with the R.C.S. and the Mounted Rifles) will involve the printing of the Mounted Rifles pass was allowed from 1907 to 1911 & was withdrawn in the consideration that the Engineers had been allowed for a sufficient long period. It

I think I found that the concession has already expired by an order from the Secretary 21/5

Dear Mr.Banerji,

Put by Chief Secy. may be called to Secretariat Memalls Early for Perusal

4/4

(Memo Sent to Chief Secy. Calling for papers 4/4/23)

The Mysore Engineers' Association has sent up a request to Government asking the restoration of the concessions formally granted by Government. These c[illegible]sions were travelling allowances to the members when attending the Annual Meeting of the Association and the printing of the Association free in the Government Printing Press.

The membership of the Association is falling off and with it a consequent reduction in its revenues. This makes it extremely difficult for the Association to make ends meet and to pursuade the members to attend the Annual Meetings. I sincerely hope that you will view with approval, the Association's request, especially that ~~all~~ travelling allowances for attending the Annual Meeting, so that we can secure a full attendance and arouse the members to a proper degree of enthusiasm for the Association and its work.

The Association is composed principally of Mysore Government employees and its object is, improving the education of and the services rendered by, the Members of the Association and therefore, the Association can be placed in the same class as a State aided educational institution. The latter is for the purpose of educating the young people of the State from whom are drawn the employees of the State, while the object of

the Association is that of improving the education of those who have already entered the service of the State.

For this reason alone I hope that you will view the application of the Association favourably when it comes to you officially.

Yours sincerely,

SGF-PR

Dear Mr. Forbes,

Please refer to your D.O. letter No. 661 of the 4th instant to the Dewan about the restoration of the concessions ~~formally~~ formerly granted to the Mysore Engineer's Association. It is stated that travelling allowances were formerly given to the members of the Association when attending the annual meetings. I have not been able to trace any Government Order to this effect. Can you kindly let me have the number and date of the order you are referring to?

Yours sincerely,

S.G. Forbes, Esq., B.Sc., &c.,
Chief Electrical Engineer.

Dear Mr.Matthan,

Reply 11/5

With reference to your D.O.No.4994-C.B. dated the 18th April 1923, I would inform you that up to until 1912 it was left to the discretion of the Chief Engineer, P.W.D., to allow travelling allowances to the members of the Mysore Engineers' Association when attending the Annual Conventions of the Association. This was cancelled by Government in their order No. 177-82-87 / 1499-1504 22-2-1912 which sanctioned the absence of the Engineer officer members from their headquarters and ordered that their travels, to and fro, should be at their own cost.

In looking through all the old records on the subject, I do not find that there was ever any Government Order formally sanctioning the travelling allowances to the Engineer officer members of the Association when attending the annual meetings; they were being passed at the discretion of the Chief Engineer. I have discussed this question with Mr.Bhore who is one of the oldest members of the Association and I am enclosing herewith a copy of his D.O.No.145 dated the 30th April 1923.

I think the Association is really of very great benefit to Government, inasmuch as practically all of the members of the Association are Government employees and they are very largely benefitted and improved by the activities of the Association. If the efficiency of the employees of Government, who are members of this Association, is improved, of which there is no doubt, there is

justification in treating the Association as an Educational Institution and helping its members by allowing them the concessions asked for in my D.O.Note and also officially through the First Member of Council.

SGF-PRN

Yours sincerely,

B.G.Jalbo

Bangalore.

D.O.Letter No.145 dated the 30th April 1923,
from Mr.J.Bhore, Chief Engineer for Irrigation,
to the Chief Electrical Engineer, Bangalore.

Re. travelling allowance for the members of the Engineers' Association to attend the conference I do not find any Government orders sanctioning the same at any time previously. However, I remember that when the Association was first started and the Membership was small the Chief Engineer was permitting the members to attend the meetings and passing the travelling allowance as if they had come on duty. The situation may perhaps be explained in the above light.

The file is returned herewith.
